linkedin.com/in/alireza-sn

I'm a motivated and self-managed project manager with more than 3 years of experience and also more than 2 years of experience in the technical field. I love problem-solving and am interested in communicating and interacting with customers and various teams, especially the technical team. I'm constantly updating my knowledge by studying and learning. I also share my experiences and thoughts on my personal website. I'm completely aware of the software development processes and release cycles and have developed and delivered several applications. I'm always looking for an opportunity to progress and grow in the field of product management.
